V2.0 - april 2022

Security

The **solid construction**, made of a reinforced **aluminium** structure and 10mm **plastic panels**, keeps the goods safe from theft!

Unlock the container using a triangular **key** *(standard)* or **RFID card/wristband/code** and electronic lock *(optional)*

Branding & visibility

- Use the containers **large surfaces,** and it's visibility in the urban landscape for **branding**
- Customizable reflective strips for **visibility at day and night**
- Integrated **rear light**

1. Large, gas spring assisted, opening granting **access to the whole volume**
2. **Low Loading sill** for easy access to all parcels, including those at the bottom
3. Carry up to **12 standard crates** (60 x 40cm x 32.5cm)
4. A **lightweight aerated mat** cushions the cargo and keeps it above potentially spilled liquids *(optional)*
5. Additional **trailer front wheel** for use in **trolley manner,** ideal to cover the last meters to the delivery destination *(optional)*
